Independent Auditor's Report

Members of the Authority Board
North Lebanon Township Municipal Authority
Lebanon, Pennsylvania

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of each major fund of North Lebanon Township Municipal Authority (the Authority), a component unit of North Lebanon Township (the Township), as of and for the year ended December 31, 2023 and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of each major fund of North Lebanon Township Municipal Authority as of December 31, 2023, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of North Lebanon Township Municipal Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about North Lebanon Township Municipal Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantive doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of North Lebanon Township Municipal Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about North Lebanon Township Municipal Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) YEAR ENDED DECEMBER 31, 2023

The discussion and analysis is designed to provide an analysis of the Authority's financial condition and operating results in total and for the individual funds. The Management's Discussion and Analysis (MD&A) should be read in conjunction with the Independent Auditor's Report and audited financial statements.

North Lebanon Township Municipal Authority is a municipal authority existing under the Pennsylvania Municipality Authorities Act of 1945, P. L. 382, as amended. The Authority was incorporated pursuant to appropriate action of the governing action of the Township of North Lebanon, Lebanon County, Pennsylvania. The Authority is a component unit of North Lebanon Township.

The Authority reports on two funds, each of which is considered a separate accounting entity. They are the Water Fund and the Sewer Fund. These two funds are reported in compliance with accounting principles generally accepted in the United States of America (GAAP). The Sewer Operating and Capital Reserve are combined in these financial statements to report sewer activities.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2023 are as follows:

- The assets and deferred outflows of resources of the Authority exceeded its liabilities at the close of the most recent fiscal year by \$15,930,593. Of this amount, \$7,964,086 is unrestricted and available to meet the Authority's ongoing obligations.
- The Authority's cash increased by \$1,075,074 during 2023.
- At the end of the current fiscal year, the Authority's outstanding debt was \$1,313,763 a decrease of \$1,432,439 from the previous year. Long-term debt is discussed in Note 5.
- The Authority continues to have a user fee that encompasses all expenses and debt for the collection system and all administrative and personnel costs.
- The user fee for 2023 remained the same as 2022 at \$78/quarter/Equivalent Dwelling Unit (EDU).
- The public water project's current debt payment stayed the same in 2023 at \$60/quarter/EDU.

REQUIRED FINANCIAL STATEMENTS

The financial statements of the Authority report information about the Authority's use of accounting methods, which are similar to those used by private sector companies. These statements offer an unmodified opinion from the Authority's independent auditor.

The statement of net position includes all of the Authority's assets, deferred outflows of resources, liabilities and deferred inflows of resources and provides information about the nature and amounts of investment of assets and obligations to Authority creditors (liabilities). It also provides the basis for evaluation of the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority.

All of the reporting year's revenues and expenses are accounted for in the statement of revenues, expenses and changes in net position. This statement measures the success of the Authority's operations over the past year and can be used to determine whether the Authority has successfully recovered all its costs through its sewer rental rates and other fees. The Authority's rates are based on rate studies which are updated as needed.

The primary purpose of the statement of cash flows is to provide information about the Authority's cash receipts and cash payments during the reporting period. The statement reports cash receipts, cash payments and net change in cash resulting from operations, investing, noncapital financing and capital and related financing activities and the change in cash during the reporting period.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED) YEAR ENDED DECEMBER 31, 2023

REQUIRED FINANCIAL STATEMENTS (CONTINUED)

The notes to the financial statements provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information about the Authority's accounting policies, significant account balance and activities, material risks, obligations, commitments, contingencies and subsequent events, if any.

FINANCIAL ANALYSIS - STATEMENTS OF NET POSITION

The analysis below focuses on the Authority's net position as of December 31:

GENERAL TRENDS AND SIGNIFICANT EVENTS

The Authority's current service area is North Lebanon Township, with a small portion of area known as Rockwood in Swatara Township and has a unified billing rate. Development of several areas within the Township will continue to increase the Authority's sewer rental charges moderately over the next several years.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED) YEAR ENDED DECEMBER 31, 2023

GENERAL TRENDS AND SIGNIFICANT EVENTS (CONTINUED)

An extension, known as the Rockwood extension, including a service area in neighboring Swatara Township, was completed in 2013. Connections began in September 2013. Funding was obtained from a variety of funding sources, with the largest grants coming from H2O PA through Commonwealth Financing Authority (CFA) and Pennsylvania Infrastructure Investment Authority (PENNVEST). Agreements were prepared and signed by both entities, and the Swatara Township customers are billed as part of the Authority's unified customer base. Interest payments on the PENNVEST loan began in 2013. All current costs have been paid by the Authority and, as of March 2016, were tallied at the completion of the project. Swatara Township was responsible for 88% of the costs per the agreement. Swatara Township paid 88% of the PENNVEST loan until March 31, 2016. As of February 29, 2016, North Lebanon Township Municipal Authority paid off its portion of the PENNVEST debt in the amount of \$61,315. PENNVEST did not re-amortize the loan but did shorten the length of the loan to October 1, 2031. Starting April 1, 2016, Swatara Township is now responsible for 100% of the monthly payments on this loan until October 1, 2031, or sooner, if they choose to pay in advance. An escrow account has been set up to deposit Swatara's monthly payments to PENNVEST, as the loan is in the Authority's name, as owner of the system. A separate escrow account has also been established for reimbursement to the Authority for delinquent (uncollectible) sewer bills by residents of Swatara Township. These delinquent accounts will then be turned over to Swatara Township for collection.

The Authority has an agreement with the Township for two maintenance employees and two administrative employees, which include the Sewer Billing Clerk and the Assistant Township Manager. The maintenance personnel are responsible for sewer-related maintenance to the 65 plus miles of collector lines and seven pump stations within North Lebanon Township. They also inspect all connections and newly installed sewer lines that are to be dedicated to the Authority for compliance with approved plans and the Municipal Authority Regulations. The Sewer Billing Clerk is responsible for the monthly and quarterly billing and all aspects associated with collection and issuance of sewer permits, settlements on sold properties and preparation of minutes from Authority meetings. The Assistant Township Manager prepares the monthly agenda for the Authority and works closely with the Authority Engineer and Authority Solicitor in carrying out all Authority directives. The Assistant Township Manager is also responsible for purchasing capacity at the City of Lebanon Authority Wastewater Treatment Plant; tracking and verifying completeness of all planning modules associated with new development; reviewing and issuing Strong Waste Permits and attends all Authority meetings. Preparing the Authority budget is another important role of the Assistant Township Manager.

Currently, based on the Chapter 94 Report, the Authority provides sewer service to 5,474 equivalent dwelling units (EDU's). The net increase in 2023 was 154 EDU's, which included 43 new residential connections, 4 residential reconNECTIONS and one commercial connection (accounting for 8 EDUs) and an increase of 99 EDU's due to adjustments made to various non-residential accounts based on their actual water usage.

In 2009, a rate study was completed, and a ten-year operating plan was developed which includes capital improvements. In 2023, the Authority updated the ten-year plan during budget planning to reflect the needs over the next ten years. This plan addresses capital purchases and improvements, operating costs, pump station needs and future extension planning. This plan will also be used to determine the need for future rate increases.

North Lebanon Township Municipal Authority completed televising the entire collection system, which has been integrated into its Geographic Information System (GIS) program. This data will enable the Authority to determine when capital repairs are needed throughout the collection system and provide information for each property connected to public sewer.

In 2021, the construction of a sewer extension on the property at 1625 Heilmandale Road allowed for gravity flow from Orange Lane to Elias Avenue. The Municipal Authority worked jointly with the developer to extend this section of public sewer. The Authority constructed a portion of the line, and the developer constructed a portion of the new line which has been dedicated to the Authority. This extension allowed for the demolition and decommission of the Orange Lane Pump Station in 2022.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED) YEAR ENDED DECEMBER 31, 2023

GENERAL TRENDS AND SIGNIFICANT EVENTS (CONTINUED)

In 2023, we added OmniSite automatic dialers to the Jay Street and Frances Ann Pump Stations. The Municipal Authority also purchased a Godwin Trash Pump to replace a much older pump to be used as a backup at various pump stations should they lose power.

FINANCIAL CONDITION

The Authority's financial condition is sound. During 2016, the Guaranteed Sewer and Water Revenue Notes, Series A and B of 2015, were issued in the aggregate principal amount of \$8,818,000 and \$2,196,000, respectively. The proceeds of the notes were used for: (1) the current refunding of the Authority's Guaranteed Sewer and Water Revenue Bonds, Series A and B of 2009 and (2) to pay the costs and expenses of issuing the Series A and B of 2015 notes. The issuance of the Guaranteed Sewer and Water Revenue Notes resulted in an interest savings of approximately \$4,362,000 and \$1,098,000, respectively. The Series A Note was amended on January 15, 2021, while the Series B Note was amended on December 15, 2020, to obtain better interest rates, while also changing the payments to be remitted monthly.

The Authority made extra principal payments on the Guaranteed Sewer Revenue Note, Series A of 2015 as follows:

<u>Year</u>	<u>Extra principal payments</u>
2021	\$ 250,115
2022	1,290,000
2023	<u>500,000</u>
Total	<u>\$ 2,040,115</u>

These additional principal payments will eliminate interest payments on the loan by approximately \$32,000.

The Authority made extra principal payments on the Guaranteed Water Revenue Note, Series B of 2015 as follows:

<u>Year</u>	<u>Extra principal payments</u>
2021	\$ 70,000
2022	200,000
2023	<u>160,000</u>
Total	<u>\$ 430,000</u>

These additional principal payments will eliminate interest payments on the loan by approximately \$39,000.

In summary, the current financial condition, staff capabilities and operating plans, including preventative maintenance and upgrades to meet future wastewater requirements, are well balanced and under control.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (CONTINUED) YEAR ENDED DECEMBER 31, 2023

RESULTS OF OPERATIONS

The Authority's revenues from operations are obtained from sewer rentals and earned interest. The Authority owns and maintains a collection system where the effluent is sent to the City of Lebanon Authority for sewage treatment. Total operating expenses, including depreciation and amortization, were within budget in 2023.

A public water extension was completed in 2004. The Authority continues to receive tapping fees for new connections to this water extension when development occurs. Ownership of the line is by the Authority, with the City of Lebanon Authority providing maintenance until such time as the debt is paid off. At that time, the Authority will most likely work with the City of Lebanon Authority to own and maintain the system. The residents are making a debt payment of \$60/Quarter per EDU to offset the Authority's bond issue.

FINAL COMMENTS

Calendar year 2023 continued a trend of steady financial performances by the Authority. This strength is needed for the Authority to maintain flexibility in future borrowing decisions and to ensure that there are adequate rates and reserves for operating expenses. In addition, we must continue to plan and provide for the effects of time and usage on the significant investment the Authority has in property and equipment.

CONTACTING THE AUTHORITY'S FINANCIAL OFFICES

This financial report is designed to provide our citizens, customers and creditors with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the funds it receives. If you have any questions about this report or need additional information, contact the North Lebanon Township Manager at 725 Kimmerlings Road, Lebanon, PA 17046 or at 717-273-7132.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2023

1. Nature of organization and summary of significant accounting policies:

Reporting entity:

North Lebanon Township Municipal Authority was incorporated on November 1, 1982 under the Municipality Authorities Act of 1945, P. L. 382, as amended, pursuant to a resolution by the Board of Supervisors of North Lebanon Township. The Authority was established to acquire or to construct certain sanitary sewage collection, transmission and disposal system facilities, including all related and necessary facilities required for rendering sanitary sewer service in and for North Lebanon Township, Lebanon County, Pennsylvania. On October 17, 1985, the Authority assigned the right to manage the sewer system to North Lebanon Township. On December 15, 1992, the Authority and Township amended and restated this agreement to continue to assign the right to manage the system to the Township. On December 7, 1998, the Township and Authority executed an agreement to transfer the operation and maintenance of all Township sewer systems to the Authority. Effective January 1, 1999, the agreement is effective for one year with subsequent annual renewals. On January 1, 1999, the Township transferred all assets of the Township's sewer system to the Authority. The purpose of the agreement is to unify the operation of the system, including billing rates and the billing function, for the benefit of all sewer customers. The Township will provide all personnel to manage, operate and maintain the sewer systems on a day-to-day basis, for which costs will be reimbursed by the Authority. The Township includes the Authority as a component unit of its reporting entity determined by the criteria established by Governmental Accounting Standards Board (GASB). The Township is financially accountable for the fiscal matters of the Authority. The Authority is fiscally dependent on the Township and has created a financial benefit and burden for the Township, and as such, the Authority is a component unit of North Lebanon Township.

Basis of presentation:

The Authority accounts for all funds existing under its jurisdiction, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues and expenses.

The Authority classifies both of the following funds as major funds. The sewer operating and capital reserve are combined to present the Authority's sewer fund:

Major funds:

Water fund – The Authority fund that accounts for maintenance and construction of water lines throughout the Township. Financing is provided by water rentals collected from Township water customers.

Sewer fund – The Authority fund that accounts for maintenance and construction of the sewer system throughout the Township. The fund also accounts for resources for anticipated operating and capital expenditures and debt service. Financing is provided by sewer rentals collected from the Township's sewer system customers and by the Authority's collection of ready-to-serve charges.

Basis of accounting:

The Authority uses the accrual basis of accounting as required by accounting principles generally accepted in the United States of America for proprietary fund types. The financial statements of the Authority have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board is the authoritative standard-setting body for the establishment of governmental accounting and financial reporting principles.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2023

1. Nature of organization and summary of significant accounting policies (continued):

Cash, cash equivalents and certificates of deposit:

The Authority's cash and cash equivalents are considered to be cash on hand, demand deposits and an external investment pool held by Pennsylvania Local Government Investment Trust (PLGIT) with original maturities of three months or less. External investment pools are reported at amortized cost, which approximates fair value. The amortized cost method involves valuing a security at its cost on the date of purchase and recording a constant amortization or accretion to maturity of any discount or premium. Cash on hand and demand deposits are reported at carrying amounts which reasonably approximate fair value.

For purposes of the statement of cash flows, the Authority considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Authority specifically excludes cash escrow accounts, as described in Note 2, from cash equivalents.

Property, plant and equipment:

Project costs:

All costs incurred in constructing the various systems have been capitalized during the construction period. As the systems become operational to their intended users, the Authority recognizes depreciation on the construction costs using the straight-line method over 40 years.

Equipment costs:

All equipment costs are capitalized and depreciated using the straight-line method for periods ranging from five to ten years.

Deferred outflows/inflows of resources:

The statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods, and thus, will not be recognized as an outflow of resources (expense) until then. The Authority has one item that qualifies for reporting in this category. The deferred charge on refunding reported in the statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price.

The statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods, and so will not be recognized as an inflow of resources until that time. The Authority has no items that qualify for reporting in this category.

Bad debts:

The Authority places liens on customer accounts that are significantly in arrears. The Authority recognizes an expense at the time the account is written off. Uncollectible sewer accounts are immaterial as of the year end, and no allowance for such losses has been recorded.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2023

1. Nature of organization and summary of significant accounting policies (continued):

Net position:

In the financial statements, net position could be classified in the following categories:

Net investment in capital assets - This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduces this category.

Restricted - This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted - This category represents the net position of the Township, which does not meet the definition of "restricted" or "net investment in capital assets."

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which resources are considered to be applied. It is the Authority's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Use of estimates:

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets, liabilities and deferred inflows and outflows at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Change in accounting principle:

During the current year, the Authority adopted GASB Statement No. 94, *Public-Private Partnerships and Availability Payment Arrangements* and GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. The Authority's beginning balances and current year results were not affected by the implementation of these new standards.

Pending GASB statements:

In June 2022, the GASB issued Statement No. 100, *Accounting Changes and Error Corrections – an Amendment of GASB Statement No. 62*. This Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent and comparable information for making decisions and assessing accountability. The provisions of GASB Statement No. 100 are effective for the Authority's December 31, 2024 financial statements.

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. This Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. The provisions of GASB Statement No. 101 are effective for the Authority's December 31, 2024 financial statements.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2023

1. Nature of organization and summary of significant accounting policies (continued):

Pending GASB statements:

In December 2023, GASB issued Statement No. 102, *Certain Risk Disclosures*. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. The provisions of this Statement are effective for the Authority's 2025 financial statements

The effects of the implementation of these standards have not yet been determined.

2. Deposits and external investment pool:

Statutes authorize the Authority to invest in the following:

- United States treasury bills
- Obligations of the United States government and federal agencies
- Insured savings and checking accounts and certificates of deposits in banks, savings and loan associations and credit unions
- General obligation bonds of the federal government, the Commonwealth of Pennsylvania or any state agency or of any Pennsylvania political subdivision
- Shares of mutual funds whose investments are restricted to the above categories
- Repurchase agreements collateralized by United States treasury bills or federal agency securities
- Commercial paper issued by corporations or other business entities organized in accordance with federal and state law, with a maturity not to exceed 270 days and the issuing corporation or business entity is rated in the top short-term category by at least two nationally recognized statistical ratings organizations
- Bankers' acceptances that do not exceed 180 days' maturity and the accepting bank is rated in the top short-term category by at least two nationally recognized statistical ratings organizations
- Negotiable certificates of deposit with a remaining maturity of three years or less, issued by a nationally or state-chartered bank, a federal or state savings and loan association or a state-licensed branch of a foreign bank.

The deposit and investment policy of the Authority adheres to state statutes and prudent business practice. There were no deposit or investment transactions during the year that were in violation of either the state statutes or the policy of the Authority.

Custodial credit risk and deposits:

For deposits, custodial credit risk is the risk that, in the event of bank failure, the Authority's deposits may not be returned to it. For investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investment or collateral security that is in the possession of an outside party.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023

2. Deposits and external investment pool (continued):

Custodial credit risk and deposits:

As of December 31, 2023, \$225,881 of the Authority's bank balance of \$483,921 was not covered by the Federal Deposit Insurance Corporation, but was collateralized in accordance with Act 72. This Act requires the institution to pool collateral for all its government deposits and to have the collateral held by an approved custodian in the institution's name.

Reconciliation to the financial statements:	
Certificates of deposit	\$ 3,000,000
Certificate of deposit, escrow	<u>12,882</u>
Total	<u><u>\$ 3,012,882</u></u>

External investment pool:

The Authority uses an external investment pool to ensure safety and maximize efficiency, liquidity and yield for Authority funds. The external investment pool is valued at amortized cost, which approximates fair value. The amortized cost method involves valuing a security at its cost on the date of purchase and recording a constant amortization or accretion to maturity of any discount or premium. The fair value of the securities, held by the external investment pool, are evaluated on at least a weekly basis using prices supplied from an independent pricing service. These values are compared to the amortized cost of the securities.

The Authority has funds totaling \$7,531,759 invested in PLGIT. PLGIT funds operate similarly to mutual funds and consist of short-term money market instruments and seek to maintain constant net assets value of \$1 per share. The Authority is invested in the following PLGIT investment options:

- PLGIT Class Shares - A flexible option which requires no minimum balance, no minimum initial investment and a one-day minimum investment period. Dividends are paid monthly.
- PLGIT Prime - A variable rate investment portfolio rated AAAM by Standard & Poor's. This option requires no minimum balance and no minimum initial investment. This option limits redemptions or exchanges to two per calendar month.
- PLGIT Term - A fixed term investment portfolio of the Trust with maturity of up to one year, depending upon the termination date of any particular series within the PLGIT/TERM portfolio. This option requires a minimum initial investment of \$100,000, a minimum investment period of 60 days and has a premature withdrawal penalty.

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2023

2. Deposits and external investment pool (continued):

External investment pool:

PLGIT separately issues audited financial statements that are available to the public via their website. The Commonwealth of Pennsylvania provides external regulatory oversight for the external investment pools. At December 31, 2023, PLGIT carries an AAAM rating and has an average maturity of less than one year.

Interest rate risk:

The Authority permits investments as authorized by law and requires that maturities of investments are consistent with cash flow requirements.

Credit risk:

The Authority's selection of depository institutions, brokers, custodians, investment advisors, local government investment pools and money market mutual funds are based on legality, performance, quality of service, creditworthiness, reputation and integrity. In addition, the investment companies used by the Authority must be rated in the highest category by a nationally recognized rating agency.

3. Cash and certificate of deposit escrows:

Cash and certificate of deposit escrows represent funds held in escrow by the Authority until such time as the developer or customer completes construction of a specified project.

4. Property, plant and equipment:

The following is a summary of property, plant and equipment, at cost, less accumulated depreciation:

	Balance January 1, 2023	Additions	Deletions	Balance December 31, 2023

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023

5. Long-term debt:

PENNVEST loan:

During 2013, the Authority withdrew loan proceeds of \$486,958 from PENNVEST to finance the construction of the Rockwood sewer project. In 2015, the Authority received additional loan proceeds from PENNVEST of \$79,268. The loan required interest only payments through February 2014. Starting March 1, 2014, the Authority makes monthly interest and principal payments of \$2,597 at an interest rate of 1.0%. The loan payments continue through October 1, 2031.

Loan payments to maturity are scheduled as follows at December 31, 2023:

	<u>Principal</u>	<u>Interest</u>	<u>Debt service</u>
2024	\$ 28,945	\$ 2,216	\$ 31,161
2025	29,236	1,925	31,161
2026	29,530	1,631	31,161
2027	29,826	1,335	31,161

2029-2031	<u>87,204</u>	<u>1,279</u>	<u>88,483</u>
Total	<u>\$ 234,867</u>	<u>\$ 9,421</u>	<u>\$ 244,288</u>

Guaranteed Sewer Revenue Note of 2015A:

In June 2016, the Authority issued Series A of 2015 guaranteed sewer revenue note in the aggregate principal balance of \$8,818,000. The proceeds of the note were used to: (1) currently refund the remaining portion of the Series A of 2009 guaranteed sewer revenue bonds and (2) pay the costs and expenses of issuing the Series A of 2015 note. The note was amended on January 15, 2021 to obtain better interest rates, while changing the payments to be remitted monthly. The schedules on the following page reflect the changes as a result of the amendment.

The North Lebanon Township Municipal Authority assigned and pledged to the trustee the revenues and receipts from the Authority's system, and under certain circumstances, from money to be made available to the trustee pursuant to a guaranty agreement with North Lebanon Township, as guarantor, the Authority and the trustee. In the guaranty agreement, the Township unconditionally covenants to pay the principal and interest on the note if the situation warrants and is entitled to reimbursement by the Authority under a separate reimbursement agreement.

Sewer revenue note outstanding at December 31, 2023 is as follows:

<u>Principal amount</u>	<u>Year</u>	<u>Interest rate</u>
<u>\$ 522,539</u>	2024	2.04 %

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

YEAR ENDED DECEMBER 31, 2023

5. Long-term debt (continued):

Guaranteed Sewer Revenue Note of 2015A:

Revenue note debt service requirements, including interest of \$69,481, are as follows:

	<u>Debt service</u>
2024	<u>\$ 592,020</u>

Guaranteed Water Revenue Note of 2015B:

In June 2016, the Authority issued Series B of 2015 guaranteed water revenue note in the aggregate principal balance of \$2,196,000. The proceeds of the note were used to: (1) currently refund the remaining portion of the Series B of 2009 guaranteed water revenue bonds and (2) pay the costs and expenses of issuing the Series B of 2015 note. The note was amended on December 15, 2020 to obtain better interest rates, while changing the payments to be remitted monthly. The schedules on the following page reflect the changes as a result of the amendment.

The North Lebanon Township Municipal Authority assigned and pledged to the trustee the revenues and receipts from the Authority's water system, and under certain circumstances, from money to be made available to the trustee pursuant to a guaranty agreement with North Lebanon Township, as guarantor, the Authority and the trustee. In the guaranty agreement, the Township unconditionally covenants to pay the principal and interest on the note if the situation warrants and is entitled to reimbursement by the Authority under a separate reimbursement agreement.

Water revenue note outstanding at December 31, 2023 is as follows:

<u>Principal amount</u>	<u>Year</u>	<u>Interest rate</u>	
\$ 94,235	2024	1.60	%
95,754	2025	1.60	
97,298	2026	1.60	
98,866	2027	1.60	
100,460	2028	1.60	
<u>69,744</u>	2029	2.75-4.25	
<u>\$ 556,357</u>			

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023

5. Long-term debt (continued):

Guaranteed Water Revenue Note of 2015B:

Revenue note debt service requirements for the next five years and thereafter, including interest of \$92,122, are as follows:

	<u>Debt service</u>
2024	\$ 109,328
2025	109,328
2026	109,328
2027	113,414
2028	124,017
2029	<u>83,064</u>
 Total	 <u>\$ 648,479</u>

The following is a summary of changes in the Authority's guaranteed sewer revenue note and water revenue note for the year ended December 31, 2023:

	<u>Balance January 1, 2023</u>	<u>Additions</u>	<u>Payments</u>	<u>Balance December 31, 2023</u>	<u>Due within one year</u>
Series of 2015A note	\$ 1,673,580		\$ 1,151,041	\$ 522,539	\$ 522,539
Series of 2015B note	<u>809,098</u>		<u>252,741</u>	<u>556,357</u>	<u>94,235</u>

NORTH LEBANON TOWNSHIP MUNICIPAL AUTHORITY

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2023

6. Loss on refunding:

The refunding of the 1993A and 1993B bond issues by the 1997 bond issue, the refunding of a portion of the 1997 bonds by the 2002 and 2005 bond issue and the refunding of the 2002 and 2005 bonds by the Series of 2009A and 2009B bonds resulted in a loss on the refunding of these issues which consisted of the following at December 31, 2023:

Loss on refunding:	
Series of 1997	\$ 250,312
Series of 2002 and 2005	1,232,879
Swap termination fee on refunding of 2002 and 2005 bond issues	1,410,800
Amortization of losses through 2023	<u>(2,197,205)</u>
Loss on refunding, net of accumulated amortization	<u>\$ 696,786</u>

In 2009, the Authority paid \$1,410,800 in SWAP termination fees for interest rate management plans on the 2002 and 2005 bonds upon the issuance of the Series of 2009A and 2009B bonds in 2009. The termination fee loss has been included in the costs for the loss on refunding. The termination fee, as well as the unamortized bond issuance costs of the 2002 and 2005 refunded bond issues, are being amortized over the shorter life of the 2002 and 2005 bonds of 23 years using the straight-line method.

The loss on the refunding is deferred and amortized over the shorter of the remaining life of the old debt or the life of the new debt using the straight-line method. The deferred amount is reported as a deferred outflow of resources. The amortization expense for 2023 was \$114,942.

7. Guaranty agreement:

The Township has guaranteed the 2015A Guaranteed Sewer Revenue Note and the 2015B Guaranteed Water Revenue Note issued by the Authority with a principal balance of \$11,014,000, as set forth in guaranty agreements between the Township, Authority and Fulton Bank of Lancaster and ACNB Bank dated November 5, 2015.

8. Subsequent events:

Authority management has evaluated subsequent events through June 6, 2024, which is the date the financial statements were available to be issued.
